Artale Receives LEED Green Associate

Lititz/State College, PA – Paul Artale of ELA Group, Inc. recently received his LEED Green Associate designation from The Green Building Certification Institute. Artale is a Senior Project Manager in ELA’s Landscape Architecture Department. He has been employed by ELA Group, Inc. since 1998.

The LEED Green Associate designation recognizes Artale’s knowledge of green building principles/practices and Leadership in Energy and Environmental Design (LEED). Artale will next be working to achieve his LEED Accredited Professional (AP) designation, which will be beneficial in the design and development of a broad range of projects that meet high standards of environmentally responsible and sustainable development.

About ELA Group, Inc.:

ELA Group is an award winning civil engineering and landscape architecture firm dedicated to providing personalized, yet professional services to its clients. With offices located in Lititz and State College, ELA provides expansive services covering all land planning and civil engineering needs.
