

**Elks Country Club**  
**Lodge No. 1600**  
**Harris Township**  
**Centre County, Pennsylvania**

**Project Description:**

Elks Lodge No. 1600 is situated just east of Boalsburg/State College. With scenic vistas and a serene setting, the maturity of the Golf Course was on the edge of showing signs of wear. The overall project entailed a full analysis of the course and an identification of the existing features with an analysis of playability of the course. A master enhancements and renovation plan was prepared. For the Master Plan, individual projects were identified and implementation is systematically being accomplished.

**Services Provided:**

ELA Group, Inc. provided master planning services for the project that included identification of exiting amenities and planning of new and reconstructed features for the course including redesign of holes, greens, and tees as well as incorporating fairway traps.
